is proud to present

Paul Cadwallader

to speak on

Lost Pyramids and Ancient Mysteries

Paul is a Researcher of lost pyramids and ancient mysteries. He has been on expeditions into the Australian outback searching for evidence of lost civilisations. He has run the Aztlán Research Centre for many years and has been a consultant on the television documentary; *Prophecy and Prediction: Threat or Warning?*

The history of our planet needs to be re-written due to discoveries of great significance being found in remote jungles, deserts and underwater locations, not to mention outer space and other planets. Ancient technology was developed many thousands of years ago whereby people flew in aircraft, space ships and used machines of advanced construction. Evidence for this can be found in South America and inside the Great Pyramid where a great complex of secret tunnels, rooms and staircases contain the greatest treasures of mankind.

The Evenings' Presentation will focus on;

- *An Ancient Computer Found and Recovered from the Ocean Floor.*
 - *A Secret Complex inside the Great Pyramid.*
 - *Lost Civilisations in South America.*
 - *Lost Cities on the Moon and Mars.*
- *Planes and Space Ships in the Ancient Past.*
- *Cranial Deformation of Ancient Skulls.*
