are proud to present

Dan Winter

to speak on

Fractality-Phase Conjugation & Golden Ratio ~ Source of all Centripetal, Implosive, Self-Organising & Life Giving Forces

Dan's background is as multi-faceted as his viewpoints. He is a Scientist, Inventor, Musician, Metaphysical Researcher and Practitioner. Through the years, Dan has lectured on the evolution of Consciousness, Sacred Geometry and Coherent Emotion at many national and international conferences. His theories in Coherent Emotion inspired the notable research at Millard Fillmore Hospital in Buffalo and the Heart Math Institute in California in the mid 90's.

Dan believes that spirituality and science converge precisely in the physics of Fractality and Centripetal Implosion and he will present the scientific evidence showing the way that Golden Ratio creates recursive constructive wave interference. It is the key to the cause and frequency harmonic analysis of;
Gravity, Perception, Life Force, Colour and Human Bliss.

The presentation will conclude with suggestions about a hygiene to take memory through death, based upon the physics for how aura/plasma is fed including the physics of human bliss; - the fractal attractor which is the ultimate source/media of all biologic information (living charge compression) and therefore the ultimate form of education.
