

ASTRO Networks Victoria Inc.

is proud to present

George Simpson

to speak on

UFO and Alien Up-Date!

For the past 21 years, George has been a UFO Researcher. Since 1999 he has been the Director of the **Australian UFO Research Network - Victoria, (AUFORN)** and has written a column in the 'Ufologist' magazine for the past 11 years. He also has a technical background in Electronics, Photography and Computers and his hobbies include Astronomy.

Since the dawn of recorded history, strange objects have been seen in the sky all over the world. Recently, some new and disturbing facts have come to light on the activities of at least some of these 'visitors' and what they are doing here, the methods they use, and what, if anything, can be done about them? There are some new reports and further information about this phenomena indicating that the matter may have been dealt with.

The Evenings' Presentation will also focus on;

- *A Series of Recent Sighting Videos from Around the World.*
- *A Segment from a MUFON Conference that Discusses the Possibility of Humans as a Source of Food for Alien Visitors.*
- *Up-Date from Lloyd Pye on the DNA Test Results of the Starchild Skull Bone Samples.*
- *Open Discussion on the Subjects Raised in the Videos.*

**A Very Interesting and Informative Evening, Not to be Missed!
