The Pyramid Code – A DVD Night!

The *Pyramid Code* explores the pyramid fields and ancient temples in Egypt and ancient megalithic sites around the world looking for clues of sophisticated technology. It is based on the extensive research done in Egypt and around the world by Dr. Carmen Boulter of the University of Calgary.

The *Pyramid Code* features interviews with Geologists, Physicists, Archaeologists, Engineers, and Authors and explores the following questions; Who were the ancients and what did they know? Could the pyramids be much older than traditional Egyptology would have us believe?

Could it be that the ancients were more technologically advanced than we are today?

Why do we have so little understanding of the Ancient Egyptians?

The *Pyramid Code* will be shown on a new large LCD Screen and the Program includes;

- *The Band of Peace.*
- *High Level Technology.*
- *Sacred Cosmology.*
- *The Empowered Human.*
- *A New Chronology.*
