

ASTRO Networks Victoria Inc.

is proud to present

Peter Crawley

to speak on

Do It Yourself Wind Power!

Peter, is self taught with qualifications in Electronics, Computing and Business. He has directly or indirectly constructed over 700 working generators both, nationally and internationally.

He has presented many workshops and training courses on alternative power, water collection, heating and alternative housing construction methods.

Peter is going to show us how to generate power using junk and items that can be easily and cheaply obtained with little to no real engineering required.

The Evenings' Presentation will Focus on;

- *A Brief Introduction to Wind Power.*
- *A High Level Overview of the Key Types of Wind Generating Systems.*
- *A More Detailed View, with Simple Instructions, on at least Three Different Types of Wind Generators that can be Easily Constructed.*
- *Brief and Simple Instructions on How You Can Create Your Own Wind Generator from Cheap / Scrap Components that Are Easy to Obtain.*

**A Very Fascinating and Informative Evening, Not to be Missed!
See You There!!**
