is proud to present

Grant Barlow

to speak on

Voyagers I & II, Keylontic Science & Kathara Healing Technologies

Grant has been working with 'The Voyagers' series of books written by Ashayana Deane which cover a wide range of topics and are a very comprehensive guide to the hidden truth of the beings that inhabit our universe. Books I & II, in their expanded second editions, cover everything from UFO's, Intruders, Guardians, Human Origins, Keylontic Morphogenetic Science to the legendary Atlantis, Lemuria, the ancient Ascension mysteries of the arc of the covenant, the Great Pyramid, Inner Earth, and much, much more. Grant has been running weekly meetings discussing and practicing the technology of Kathara Healing and Keylontic Science and for many years he has been involved in many esoteric studies.

Grant will be speaking on the importance of regenerating the biological anatomy with original encryptions of eternal life held within the template of multidimensional form. The current stellar activation cycle and high frequency information flows from many harmonic universes is now making this the opportune moment to receive upgrades for the ascension of consciousness. He shows how knowledge of the alternative actually enables the decision to be made to begin or accelerate the processes of conversion of the defunct mind into living memory matrix awareness.

The Evenings' Presentation will Focus on;

- *Voyagers I and II - What are They?*
- *Why is it Necessary to Know What Caused the Fall Away from Original Potentials and Purpose?*
 - *What has Caused us to Accept the Distortions that we Currently Believe to be True?*
 - *Regeneration: means a new gene ration.*
 - *Resurrection from the Dead means that we are to Join the Hosting System and deny Black-Hole Death Codes.*
 - *Sound Tones of Language Create our DNA.*
