**Ernest Wagner**

*to speak on*

## **‘Astronomy & Astrology Combined’**

Over the past 50 years, Ernest has been involved in many streams of research including the Metaphysics, Ufology and Alternative Technologies, and has lectured extensively both nationally and internationally. He was the Editor of the metaphysical newsletter ‘Pathway’ and served for three years as the President of the Theosophical Society.

From the beginning of time, humans have turned their eyes skyward with curiosity, awe and wonder. To the ancients, the heavens were the abode of the Gods. The planets are like musical instruments and in geometric harmony. Ernest believes that every planet is organised and plays its own part in the cosmic symphony and he will present a three dimensional spreadsheet of the cosmic activities and their qualities.

The Evenings' Presentation will Focus on;

- *Two NASA Space Probes Exploring the Outer Planets of our Solar System revealed some of the most Fascinating Geometric Planetary Features, especially of Saturn and its Rings and other Mysterious Patterns.*
- *The Speed and Rhythm of Major Planetary Satellites are Harmonic Geometric Ballet Dancers dancing to the Tune of the Cosmic Symphony Orchestra.*
- *There is Definitely a close Link between Astrology and Modern Astronomy.*
- *We, here on Earth, are Not Alone.*
