‘The Discovery of Ancient Structures Around the World’- A Film Night!

The documentary, ‘**Ancient Aliens**’ series, takes us on an all-new expedition of ancient structures both, above and below ground, and under the sea. It challenges current Archaeologists to seek out and evaluate this evidence, with a concentration on discoveries made over the last 30 years including unusual DNA findings on man’s evolution and newly decoded artifacts from Egypt to Syria, Turkey, India, Armenia, South America, Japan and France, just to name a few! This new series gives historic depth to the questions, speculations, provocative controversies, firsthand accounts and grounded theories surrounding an age-old debate. Is it possible that intelligent life forms visited Earth thousands of years ago, bringing with them technology that drastically affected the course of history and man’s own development? It is a balanced investigation into a theory some believe cannot be true, but many agree cannot be ignored.

The Documentary will be shown on a Large LCD Screen and the Program includes;

- *Derinkuyu - an Underground City in Turkey and an Underground Mayan Temple in Mexico.*
 - *Messages from Another World and the Hollow Earth Theory.*
 - *Underwater Ancient Cuban Ruins found in the Bahamas, SE of Florida.*
 - *Japan’s Ancient Past - Yonaguni Mystery, and the Dragon’s Triangle.*
